## **OBJECTIVE**

Looking for an internship opportunity that will bridge the gap between my years in Security Administration at various engineering companies and satellite communications experience in the United States Marine Corps with my future as a mechanical engineer, in the Satcom community. Proficient in SolidWorks, MS Office, and familiar with satellite communications, including operational experience with fielded hardware.

## **EDUCATION**

San Diego State University ..... San Diego, CA  
*Bachelor of Science – Mechanical Engineering* ..... *Expected Graduation: December 2022*

Dept. of the Navy (Sponsored)..... Tyson’s Corner, VA  
*Program Management for Security Professionals* ..... *2015*

Palomar College..... San Marcos, CA  
*Associate in Science for Transfer - Mathematics* ..... *2020*  
*Certificate of Achievement – CSU University Education Breadth*..... *2020*  
*Associate in Arts – GS: Social and Behavioral Science* ..... *2006*

Naval Technical Training Center..... Pensacola, FL  
*Cryptologic Technician Basic Course* ..... *2002*

## **PROFESSIONAL EXPERIENCE**

Viasat, Inc. - Carlsbad, CA 10/2014 – 01/2018  
Contractor Special Security Officer (CSSO) / Contractor Program Security Officer (CPSO)

- Carry out duties associated with CSSO for Sensitive Compartmented Information and CPSO for Special Access Programs across 4 different government customers
- Oversee 13 multimillion-dollar contracts simultaneously and coordinate security needs for subcontractors and performing locations at multiple locations nationwide
- Develop and provide required training, standard operating procedures, and emergency action plans to program-briefed individuals across different customer requirements
- Coordinate with customer representatives for secure facility modifications
- Provided labor cost estimates for bid and proposal efforts

Northrop Grumman Corp. – Rancho Bernardo, CA 05/2011 – 10/2014  
Contractor Special Security Officer (CSSO) / Contractor Program Security Officer (CPSO)

L3Harris (Formerly L-3 Communications), PHOTONICS – Carlsbad, CA 07/2007 – 05/2011  
DoD Facility Security Officer / Special Contracts ACSSO

Lowe’s Home Improvement – San Marcos, CA 12/2006 – 09/2007  
Human Resource Coordinator / Installed Sales Coordinator

United States Marine Corps – Various locations worldwide 11/2001 – 11/2006  
Sergeant/E-5 / Security Manager / Special Intelligence System Administrator/Communicator

- Developed and initiated training program for multiple units to improve Satcom operations
- Coordinated with various organizations throughout the world to provide constant satellite/network connectivity, including while supporting combat operations in Iraq
- Established and maintained temporary secure network from the ground up in a tactical environment for 50+ clients as well as print servers
- Assisted in expanding and maintaining the network infrastructure
